### **Company Overview:**

Energy Management Engineering, Inc. (EME) is a woman-owned, small business with 20 years of energy efficiency consulting experience in the federal sector. Our corporate resume includes over 120 substantive projects that have facilitated and assisted our federal and state customers in implementing their energy efficiency efforts and on-site renewable energy projects. Our aggregate project scope totals over \$1 billion in facility investments, to date. Our goal is to provide professional administration assistance and project management support that enables our customers to meet or exceed their mandated energy efficiency goals.
